

BUDA BOND PROPOSITION 4 – DRAINAGE HOUSTON STREET AREA DRAINAGE IMPROVEMENT PROJECT

Next Phase of Construction Begins on Thursday, May 16, 2019

BUDA, TX — On Thursday, May 16, construction will begin on the next phase of the Houston Street Drainage Improvement project. Smith Contracting will begin performing trenching and utility work in the 200 Block of Houston Street. This phase of the project will include open cut excavation and construction of drainage improvements within public easements and street right-of-way.

HOUSTON STREET CLOSURE

Houston Street, between Railroad Street and Cedar Street, will be closed to all through traffic during the Houston Street Drainage Improvement project. The closure begins on May 16. Detour signs will be up in the area. Access will be allowed to residential properties along Houston Street for the duration of the construction project.

The City's contractor will be allowed to work between 7:00 a.m. to 9:00 p.m., will be required to secure the construction zone overnight, and will have a traffic control plan in force at all times during work within the public right-of-way. With the approval of the City, water utility work may continue later than 9:00 p.m. and earlier than 7:00 a.m. Affected water utility customers will be notified at least 48 hours prior to any work proceeding after normal working hours.

The Houston Street Drainage Improvement project is expected to be finished in Summer 2019. The City of Buda will provide updates for the various phases of the project. These capital improvements are part of Buda Bond Proposition 4.
